Email: jaiswalraman86@gmail.com
Mobile: +91-9608034977

Skills

- **Technical Skills**: C++, SQL, JavaScript, Java
- **Frameworks**: React.js, Node.js, Express.js, Spring Boot, Tailwind CSS
- **Tools**: Git & GitHub, MongoDB, PostgreSQL, Postman, Figma
- **DevOps**: Linux, Docker, Kubernetes, Jenkins, Maven
- **Soft Skills**: Problem-Solving, Quick Learner, Adaptability

Projects

Student Management Platform | GitHub Nov 25 – Dec 25

- Implemented a CI/CD-driven Student Management Platform using Spring Boot, MySQL, Docker, and Kubernetes, orchestrated with a Jenkins pipeline, enabling automated build, containerization, and deployment of microservices.
- Automated the development lifecycle using GitHub, Jenkins, Maven, Docker, and Minikube, implementing continuous integration and deployment pipelines to streamline builds and releases.
- Delivered a scalable, containerized microservices system for managing student records, reducing deployment overhead by ~40% and demonstrating infrastructure-as-code reliability and streamlined DevOps workflows.
  Tech: Git, Jenkins, Docker, Kubernetes, Spring Boot, MySQL, Maven, Linux

Feedback Of Power Supply Platform | GitHub Sep 25 – Oct 25

- Developed a responsive React (JSX) interface to collect, manage, and visualize 100+ user feedback entries on power supply performance, ensuring an intuitive and interactive user experience.
- Built a Node.js and Express backend with MongoDB integration to securely store and process multiple feedback parameters in real time, enabling efficient monitoring and API-based data retrieval.
- Successfully delivered a full-stack feedback system, improving analysis efficiency by ~30% and demonstrating API-driven, scalable web application development.
  Tech: React, NodeJS, Express, MongoDB (No SQL Database)

Training

Lovely Professional University | Certificate Jun 25 – July 25

UI/UX Design Using Figma

- Completed structured summer training in UI/UX design, focusing on user-centered workflows, design thinking principles, and accessibility-oriented interface structuring.
- Designed 15+ wireframes and interactive prototypes using Figma, creating responsive layouts and component-based designs to strengthen understanding of user interaction patterns.
- Successfully enhanced visual and UX design capabilities, demonstrating the ability to translate user requirements into intuitive, scalable interfaces aligned with modern design standards.

Technical Achievements

- Solved 450+ problems across LeetCode, GeeksforGeeks and HackerRank
- Achieved a LeetCode contest rating of 1541 (Top 33% globally)
- Earned 5-Star in C++ on HackerRank

Certificates

- Java | IamNeo — June 25
- Cloud Computing | NPTEL — May 25
- Fundamentals Of Network Communication | Coursera — Nov 24
- Introduction to Hardware and Operating System | IBM — Sep 24
- The Bits and Bytes of Computer Networking | Google — Aug 24

Education

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug 23 – Present
Computer Science and Engineering; CGPA: 8.26

Rajikyakrit Janta Ucch Vidyalaya Begusarai, Bihar
Intermediate Apr 21 – May 23
PCMB; Percentage: 71.4

Buddha Woodland Public School Samastipur, Bihar
Matriculation Apr 20 – May 21
Percentage: 61
